AMERICAN MISSIONARY SAFE.

London, June 10.—A dispatch from Fez, Morocco, under date of June 6, states that, according to reports from Sefrou, the American missionary, Swanson, is safe there, although a prisoner in his own home. He is well protected by the Sefrou authorities. George Reed, another American missionary, has not been heard from since a month ago when he sought refuge from the rebellious tribesmen in the mountains some distance from Sefrou.

AMUSEMENTS

At Magnolia Bluff.
Manager Vucovich announces the engagement for the summer season of Barrios' six-piece orchestra for dancing on Tuesday and Friday nights and Sunday afternoons and nights, which will no doubt increase the patronage of this popular place as Barrios is well known for his famous dance music.

The park is now in first-class shape and dancing, bathing, boating and fishing are the chief attractions. Family picnic parties have free use of the grounds at all times and parties having their own bathing suits have free use of the dressing rooms. A prize dance will be the feature on next Friday night and a handsome prize will be awarded the best dancing couple.

Coney Island Fire to be Seen at the Orpheum.

The great feature of the new bill at the Orpheum theatre this week opening with the matinee performance tomorrow afternoon will be twenty-one picture slides of the great fire which occurred at Coney Island, recently. Those who have read the newspapers are aware that this was one of the most disastrous fires as well as the most spectacular and sensational that has occurred anywhere in the United States in years. While the loss of life was not great, the fact that within this great amusement park, were hundreds of caged animals and freaks of every nature, which were liberated by the flames, make the pictures intensely interesting.

Among other things this series of pictures show some of the wild animals that were cremated in the flames and others as they made their frenzied dash for life and liberty. The pictures also show the rescue of the incubator babies and the rescue of imperiled firemen, several of whom were caught in most trying and dangerous positions.

Seldom before has Pensacola been given the opportunity of witnessing so vivid and realistic a portrayal of a catastrophe as that promised by the showing of these twenty-one great pictures. The Coney Island disaster is only a small part of the entertainment that Manager Rose promises patrons of the house for the coming week. As another headliner, Hyde and Raymond are billed for an original and novel comedy sketch entitled, "His Best Pal." This act has the reputation of being one of the best of its kind on the southern circuit, introducing singing in three distinctly different voices and impersonations by Mr. Hyde. Miss Raymond is a spectacular dancer and her act requires a unique electrical effect. The couple carry their own electrical apparatus, the largest on the stage.

Wagons Everywhere.

Billy Collins, the comedy acrobat, is also one of the main feature attractions. Mr. Collins is not only an acrobat of talent but is a natural comedian who has never found any difficulty in drawing forth laugh after laugh from the audiences before whom he has played.

William Kelly, the third act on this week's bill, is a singing, talking and yodling artist. He promises to be a favorite for the week with vaudeville enthusiasts and will fill out the bill of all-star attractions.

LARGE NUMBER BLUEJACKETS WERE ASHORE

BETWEEN 300 AND 400 SAILORS FROM THE IDAHO WERE HERE LAST NIGHT TAKING IN SIGHTS OF THE CITY—AN EXCEEDINGLY ORDERLY CROWD.

Yesterday afternoon and last night there were about 300 or 400 bluejackets in the city. This is the first time that the sailors on the Idaho have been given shore liberty since the arrival of the vessel several days ago.

The boys seemed to be enjoying themselves very much last night, some of them visiting the vaudeville and moving picture shows, others automobile and bicycle riding, and still others walking around the city looking over the points of interest.

The boys who were ashore yesterday afternoon were a remarkably orderly set and many people in the city were heard to comment on the gentlemanly manner in which the bluejackets conducted themselves.

NEW FOREST RANGERS WILL BE APPOINTED

TWO WILL BE GIVEN CHARGE OF ABOUT 130,000 ACRES EACH OF THE NATIONAL FORESTS—WILL BE CHOSEN FROM THOSE WHO PASSED RECENT EXAMINATION.

As a result of the examination held here last fall for rangers in the forest service, two additional rangers will be appointed on the two Florida forests, the Ocala and the Choctawhatchee, the first of July. This information was given out yesterday afternoon by Forest Supervisor Eldridge.

It appears that only three of the applicants out of twenty-six passed the application satisfactorily and the two new positions will be filled from among the number of successful applicants.

The new men will each be given charge of a ranger district, which consists of about 130,000 acres. One of them will have headquarters at Gardner's Bayou and the other at Mossy Head.

The positions to which the successful candidates will be appointed pay a salary of \$1,100 a year.
